

## MEDIATION 2B1 //

Your English friend Ed has just arrived in Valencia to visit the city. He can borrow the e-scooters from the hotel he's staying in to get around. He has come across this brochure but he doesn't understand the rules.

**ORAL** Send him an audio message with the most relevant instructions (1-1'30 min)

**WRITTEN** Write a message to him explaining the main rules (90-110 words in 35 min)

**STAY ON THE RIGHT SIDE OF THE LAW WITH E-SCOOTERS.**

 <p>Police fines for riders</p>	 <p>NO EARBUDS fines of up to 200€</p>
 <p>Only one person is allowed</p>	 <p>maximum speed</p>
 <p>helmet usage is obligatory</p>	 <p>They can no longer be used on pavements</p>
 <p>minimum age</p>	 <p>totally PROHIBITED!!!!</p>

**Have fun... safely!**

E-Scooters are fun! Who wouldn't want to throttle down and try one out? As long as we do our part, we can prevent local DUI's from becoming a problem.
